# *A Cordial Invitation*

We trust that you will consider the receipt of this Catalog as a personal invitation to attend our Sale of Shorthorn Cattle, to be held in the Sale Pavilion at the Iowa State Fair Grounds Saturday, October 30th, 1948, when we will have on display for your appraisal ten bulls and thirty-four females.

The business of producing purebred livestock is one of the most interesting lines of endeavor on earth. Success varies. Farmers and breeders alike in almost countless numbers, and in nearly every country in the world are constantly striving to produce animals of superior form, and animals capable of reproducing their kind. Success can be and is more easily attained, however, by those who start with the right kind of foundation stock, and who constantly add from time to time strength to their herds. To take advantage of superior individual merit that has resulted from years of effort, is to shorten your road to success. Such an opportunity is offered in our Auction Sale October 30th.

The ten bulls being offered are a uniform lot of smooth, rugged individuals that can go into any herd and work improvement. Some are more highly fitted than others, but you can rest assured they are all out of dams of the most approved type and Shorthorn character.

The thirty-four heifers are the kind that we can recommend to go anywhere and prove their ability to reproduce calves of the most acceptable type. Twenty are sired by Imported Bapton Major who is transmitting his great wealth of flesh and easy feeding qualities on to his offspring. Six are sired by a son of that great sire of Champions, Edellyn Royal Leader, with most of them being mated to our young Imported bull Corrimony Emperor, commented on more favorably than any herd bull we have used.

So we cordially invite you and your friends to join us and be the judge on Saturday, October 30th, to inspect this offering and to visit with us and your other friends. Everything will be arranged for your comfort sale day.

Sincerely,

F. W. HUBBELL.

## HELFRED FARMS NATURAL FLESHING

**BAPTON MAJOR** is a half brother to the sire of the record priced bull Pittodri Upright. Now that we have found the crosses that he nicks best with we can expect to see a wonderful lot of quality calves, three calves that he sired sold for an average of over \$1600.00 in the International sale. There are few if any bulls of any breed that show the depth of body, and quality of deep mellow flesh that he carries. He sired the first prize senior bull calf, first prize heifer calf, and best pair calves at the 1948 Iowa State Fair.

Corrimony Emperor 2480329, sired by Naemoor Marshal whose calves averaged over \$2000.00 in the 1948 Perth Show and Sale, and rated by many of the best cattlemen as one of the top five best sires in Britain. A careful study of his pedigree will show many outstanding sires, as well as grand females. We have used him quite extensively. Twenty or more of this sale offering carry his service along with a number being kept in the herd. In spite of this heavy service he developed well enough to win second prize in a strong class of Junior Yearling bulls at the recent Iowa State Fair, and many breeders who have visited the farm recently say he is a much better individual than he was at the fair. Very few bulls show as masculine a head, that is set on such a short neck, that blends into a deep, wide heart girth, and body as smooth as an apple. His quarters are deep and wide, with short, heavy boned legs. With the reports we have received about his ancestry, we have every reason to expect the kind of calves that will be a credit to the breed. A heifer bred to him can hardly help but be a good investment.

Helfred Bapton Major 10th, sired by Bapton Major and out of a Brae Lodge Headlight dam, is one of the best bulls that we have developed, both as an individual and a sire. His calves are all nice dark colors, with good heads, deep wide bodies and very short legs, which gives us every reason to think the breed lost one of the best sires with his untimely death. A few of the females in the sale carry his service.

Helfred Bapton Major 24th 2434488, resembles his sire, in type, smoothness of flesh that is molded evenly all over his great depth of body. His dam is without any doubt one of the best Shorthorn females in the country today, she is sired by the International Grand Champion Sunray who was well known for his extreme depth of body and smooth natural flesh that he transmitted to his offspring, so this bull has every right to be an outstanding herd bull prospect.

Helfred Mayflower 2364109, is an outstanding heifer in any sale. She combines the ideal in type, quality, and true Shorthorn character, she stood fourth in class at the recent Iowa State Fair and her full brother was first prize bull calf, her dam is a real brood cow, always in nice condition and a very heavy milker. It is around heifers such as this one that the best herds are built. She is well along in calf to Helfred Bapton Major 10th Reserve Champion bull at the 1947 Iowa State Fair, his picture appears elsewhere in this catalog.

Augusta of Helfred 11th 2434496, full sister to the top heifer in our 1947 Sale going to Edellyn Farms, and she is equally as good in every way. Her dam is one of our top cows and she is sired by the International Grand Champion Sunray, and being mated to Corrimony Emperor makes quite an attractive combination to add to the breeding herd, especially the breeder who is buying more for quality than numbers.

Helfred Missie 11th is a descendent of a family that produced an Iowa State Fair grand champion baby beef over all breeds, as well as more champion animals over a period of years than any family in the Herd Book. This is an outstanding heifer in every way, she is white in color but on looking over her ancestry you will note there is plenty dark colors behind her, so it is very doubtful whether she will ever produce a white calf. We have mated her to Corrimony Emperor and we would like to keep in touch with the calf she has from this mating.
